Turning heel:

Row 1 purl until 9 sts left, p2tog, p1, turn

Row 2 slip 1 kwise k until 9 sts left, k2tog, k1, turn

Row 3 slip 1 pwise purl until 1st before gap, p2tog, p1, turn

Row 4 slip 1 kwise, k until 1st before the gap k2tog, k1, turn

Repeat these 4 rows until there are no more sts to decrease.

Gusset:

Then pick up sts for the instep, along the side 18 to 20 sts.

Continue the pattern on the top of the sock, and then pick up same amount of sts on the other side of the heelcap.

The row starts now in the middle of heel.

Row 1. knit sts for the sole of sock, the picked-up sts in the back loop, (only the first row) Continue pattern on top of sock.

Row 2. knit until 3 sts remain on ndl k2tog, k1, Continue pattern on top of sock, next ndl k1, ssk knit to end of row

Repeat these 2 rows until there are 64 sts left in total (not 62).

Continue until you are about 1" or 2.5cm from total length.

End on the 4th row of pattern.

Toe decrease:

The pattern ends when the toe section begins, and is knitted in stocking stitch.

The 'pin-wheel' decrease is dividable by 4; therefore the 'body' of the sock is knitted with 64 sts instead of 62 which you started with.

Decrease row; knit 6 sts, k2tog, Repeat to end of row,

Knit 2 rows

Decrease row; k 5sts, k2tog, repeat to end of row.

Knit 2 rows.

Repeat these 3 rows, but with 1st less between each decrease. When 16 sts total remain, place sole sts on 1 ndl and top sts on another ndl and graft them tog. (Kitchener stitch).
